

PANTHER TORQUE FLUID

PRODUCT DESCRIPTION

Panther Torque Fluid is premium heavy duty power transmission fluid designed for turbo couplings and hydrodynamic brakes.

APPLICATION

Panther Torque Fluid is suitable for turbo couplings in industrial applications such as circulating pumps, fans, blowers, compressors, crushing machines, mixers, agitators, centrifuges and belt-conveyor drives; Marine and railroad equipment; Torque converter transmissions in locomotive and heavy construction equipment; Hydrodynamic brakes in railroad and heavy-duty automotive equipment.

PERFORMANCE STANDARDS

Meet following standard

- Voith Turbo Specification for turbo coupling and hydrodynamic brakes

BENEFITS

- Efficient operations
- Reduces maintenance costs
- Extends coupling life
- Excellent all-temperature performance

TYPICAL PROPERTIES
